

Access An Employee's Edit Page(Admin) #User Story

Story #[num]	Admin modifies employee data.
As an	Admin
I want	to access an employee's edit page,
So that	I can modify details belonging to them.
Acceptance Criteria	AC 1: Given that I am an admin accessing the Employee Management page, When I click on the 'Edit' button beside an employee, Then the system should redirect to the edit page for that employee, allowing me to edit their details.
