

# User Type Table(developer) Acceptance Tests & Negative Testing

ID	
Purpose	Test Adding new UserTypes functionality.
Set Up	The UserType table has a name Column, but no records.
Steps	1. Navigate to Register New UserType page
	2. Input name into the 'Add New UserType' box.
	3. Click the 'Submit' button beside the input field.
Expected Result	New UserType is added to the UserType table. Table now contains one record.

ID	
Purpose	Test Adding new UserTypes functionality.
Set Up	The name you wish to input already exists in the UserType table.
Steps	1. Navigate to Register New UserType page
	2. Input name into the 'Add New UserType' box.
	3. Click the 'Submit' button beside the input field.
