

Sign In(Admin) #User Story

Story #[num]	Admin signs into their account.
As a	Customer
I want	to login to my account via the login page,
So that	I can access the admin dashboard.
Acceptance Criteria	<p>AC 1: Given that I am an Admin and I'm on the login page, When I correctly type my registered username and password and click the 'Login' button, Then the system redirects me to the admin dashboard.</p> <p>AC 2: Given that I am an Admin and I'm on the login page, When I neglect to input a username and/or password and click the 'Login' button, Then the system will highlight the empty input fields and ask me to input data within them.</p> <p>AC 3: Given that I am an Admin and I'm on the login page, When I incorrectly type my username and/or password and click the 'Login' button, Then the system will print a message saying the login's invalid, and ask me to try again.</p>
