

Access Employee's Edit Page(Admin) Acceptance Tests & Negative Testing

ID	
Purpose	Access an Existing Employee's Edit Page
Set Up	Admin account is logged into. Users already exist within the User database.
Steps	1. Navigate to User Management page
	2. Select 'Edit Account' option.
	3. Select an Employee account to edit.
Expected Result	Admin has successfully accessed an Employee's Edit page.

ID	
Purpose	Access an Existing Employee's Edit Page
Set Up	Non Admin account is logged into. Users already exist within the User database.
Steps	1. Navigate to User Management page
Expected Result	User cannot access the User Management page, as only Admins have that access. User's redirected back to the main page.

ID	
Purpose	Access a Non-Existent Employee's Edit Page
Set Up	Admin account is logged into. No users exist within the User database.
Steps	1. Navigate to User Management page
	2. Select 'Edit Account' option.
Expected Result	System informs you there's no accounts to edit. Can't transition to
