

ACCEPTANCE TESTING – MODITHA SULAKSHANA s3756843

Story #1	Employee signs in to company website.
As a	Employee
I want	to sign into the company website
So that	I can view my assigned - working hours / employee details
Acceptance Criteria	given that I am an employee and I'm on the login page when I type in a valid username and password and click on "login in" then the system displays the employee dashboard with my assigned working hours
priority	medium
effort	medium

ID	1
Purpose	Check the user input details with the database.
Set Up	A user called jacky already exists in the system
Steps	1. Navigate to the login page
	2. Enter in username as david and password
	3. Employee clicks on login button
Expected Result	System reports that username / password is incorrect.
