

Acceptance Tests for Add/Remove/Edit

ID	1
Purpose	Adding work hours to an employee
Set Up	An employee exists in the system
Steps	1. Login to the website
	2. View the employees' dashboard
	3. Click on "edit hours" and add new working hours
Expected Result	System reports successful to the admin and hours get updated.

ID	2
Purpose	Adding work hours to an employee
Set Up	An employee exists in the system
Steps	1. Login to the website
	2. View the employees' dashboard
	3. Click on "edit hours" and add 36 hours per day
Expected Result	System reports failed and displays to the admin that it is over the limit of hours per day

ID	3
Purpose	Adding work hours to an employee
Set Up	An employee does not exist in the system
Steps	1. Login to the website
	2. View the employees' dashboard
Expected Result	System reports no employees found to the admin
