

Remove Employees(Admin) #User Story

As an Admin,

I want to add, remove and edit employees recorded within the website,

So I can update the current employees recorded in the website and edit their data.

| | |
|------------------------|--|
| Story #[num] | Admin removes existing employee record. |
| As an | Admin |
| I want | to remove employees from the system's database, |
| So that | employees no longer needing to be registered can be easily removed. |
| Acceptance Criteria | AC 1: Given that I am an admin accessing the Employee Management page, When I click on the 'Remove' button beside an employee, Then the system should remove the employee from the database, and no longer show their record on this page. |
