Add JUnit tests for Booking Controller

Story# [num]	Add JUnit tests for Booking Controller	**Priority**	High		
		Effort	5		
As a	Developer,				
I want	To create JUnit tests for the Booking Controller,				
So that	I can tests its functionality to ensure it behaves in expected ways.				
Acceptance criteria	AC 1: **Given** that positive testing is setup for all Booking Controller functionality, **When** each test run is run, **Then** the system will report all tests as having passed. AC 2: **Given** that negative testing is setup for all Booking Controller functionality, **When** each test run is run, **Then** the system will report all tests as having passed.
